Experience

Bear Creek High School – Lakewood, CO 2021 -

- Student teaching at Bear Creek High School coordinated by the University of Colorado Denver for the 2021-22 academic year; hired full-time upon completion
- Classes taught: algebra 1, algebra 1 accelerated, honors geometry, precalculus, AP Computer Science A

Newlon Elementary School – Denver, CO School Technology Specialist and Site Assessment Leader, 2019 - 2021

- Worked directly with teachers, administrators, and students to facilitate easy, unified technology standards and use throughout the school
- Addressed day-to-day problems with school technology
- Coordinated all state- and federally-mandated student testing throughout the year
- Administered one-on-one tests to kindergarten through fifth-graders in English and Spanish

Amazon – Cambridge, MA Software Development Engineer, 2018 - 2019 SDE Intern, Summer 2017

- Designed and implemented “watermarking” technology with a small team of researchers and engineers to prevent false wakes when “Alexa” is said by a non-human source; placed a watermark on nearly 50 advertisements since the project’s start, including Amazon’s 2019 Super Bowl advertisement
- Monitored and mitigated round-the-clock service issues and outages in Alexa’s wake-up behavior for all languages and device types, including “hotfix” software releases, rollbacks, and device behavior alarms
- Wrote, reviewed, and released software for all 100 million Alexa-enabled devices in an agile, sprint-based process that involved team-based design, testing, and approval

ImageMaker – Santiago, Chile Software Engineering Intern, Fall 2016

- Designed and coded front end proposals for the company’s products and applications using Angular, Javascript, and HTML
- Collaborated with a Spanish-speaking team to design and build products for Spanish-speaking customers throughout Latin America, including banks, airlines, and retail stores

Education

University of Colorado Denver
